EDITION 3 | OCTOBER 2025

Pop-up Community Engagement Sessions

Wind Prospect is pleased to announce that pop-up community engagement sessions for the proposed Twin Hills Wind Farm have been scheduled as follows:

Monday 27 October 2025

12.30pm - 3pm
at Eneabba General Store

Tuesday 28 October 2025

9.30am - 12 noon
at Three Springs IGA

Members of our development team will be present at these sessions to provide information about the project, answer questions about its development, and receive feedback from local residents.

We welcome the opportunity to engage with the community on the proposed Twin Hills Wind Farm and invite all interested residents and project stakeholders to attend these sessions.

If you are unable to attend one of these sessions and would like more information about the project, to ask questions about its development, or provide feedback to the development team, we invite you to contact us via the phone number or email address below.

Stay informed

To stay informed with the latest updates, you can provide your contact information via the below details. We will continue to provide updates through in-person visits and newsletters.

Community Sponsorship Fund

We are pleased to announce that we have awarded funding from the Project's Community Sponsorship Fund to the Shire of Three Springs. The Shire will use this funding to facilitate the Family Day on the Green event in Three Springs on 25 October 2025.

Project updates and upcoming activities

We plan to refer the Project to federal and state environmental regulatory bodies before the end of this year. These referrals will allow for potential environmental impacts from the Project and proposed mitigation measures to be assessed.

Following this, we plan to submit a Development Application for the Project to the Shire of Three Springs in 2026. The Development Application will allow for the Shire of Three Springs to assess the proposed development ahead of a Development Assessment Panel determining the Project.

Wind Prospect respectfully acknowledges the Yamatji people as the Traditional Custodians of the land on which the Twin Hills Wind Farm is proposed. We honour their ongoing connection to the land and waters, and we are committed to fostering respectful, collaborative relationships with Indigenous communities across all our projects.
